

Arienne M. Dwyer

Salar:
A Study in Inner Asian Language
Contact Processes
Part I: Phonology

2007

Harrassowitz Verlag · Wiesbaden

ISSN 0177-4743
ISBN 978-3-447-04091-4

TABLE OF CONTENTS

Photos and Figures	ix
Abbreviations	xii
Preface	xvii
On Transcription and Transliteration	xix
1 Cultural History	1
1.1 Salar Origins	1
1.1.1 The Legend	1
1.1.2 Early historical References to the Salars in China	3
1.1.3 The Central Asian Connection	6
1.1.4 Preconditions to Ethnogenesis	8
1.2 Cultural Contact and ethnoreligious Identity	9
1.2.1 Tibetan and Muslim-Chinese Contact	11
1.2.2 Faith and Control	14
1.3 Summary	25
2 Linguistic History	26
2.1 The Turkic Language Family: Locus and Chronology	26
2.2 Classification of the Turkic Family	29
2.3 The Classification of Salar	32
2.4 Western Turkic Tendencies, real and imagined	35
2.4.1 Phonetic Elements	35
2.4.2 Oghuz lexical Elements	40
2.4.3 Salar and Turkmen: a closer Relationship?	44
2.5 Archaisms in Salar	47
2.5.1 Morphosyntactic Archaisms	47
2.5.2 Lexical Archaisms	49
2.6 South Siberian and marginal Kipchak Turkic Elements	52
2.7 Non-Uyghur Elements	56
2.7.1 Phonological Elements	57
2.7.2 Lexical Elements	57
2.7.3 Morphological Elements	60
2.8 Southeastern Features	61
2.8.1 Sound System	61
2.8.2 Morphosyntactic Elements	61

2.9	Idiosyncratic Features	62
2.10	Summary of Salar Features by Type	66
3	Documentation and Variation	69
3.1	Explorers and Linguists: previous Studies	69
3.2	Data Basis	73
3.3	Forms of vocalized Salar	74
3.4	Varieties and Variation	77
3.4.1	Western Salar: the Ili Dialect	79
3.4.2	Eastern Salar Vernaculars	81
3.4.3	Factors in Dialect Variation	87
3.5	Language Status	90
3.5.1	Speakers and Multilingualism	90
3.5.2	Orthography, Extant Texts	91
3.5.3	Language Endangerment	92
4	The Sound System: an Overview	94
4.1	Consonants	94
4.1.1	Surface consonantal Inventory	94
4.1.2	Underlying consonantal Inventory	96
4.1.3	Manner	96
4.1.4	Voicing and Aspiration	98
4.1.5	Place	108
4.2	Vowels	119
4.2.1	Surface vowel Inventory	120
4.2.2	Vowel Phonemes	121
4.2.3	Vowel Quality	122
4.2.4	Diphthongs	132
4.2.5	Long Vowels	136
5	Syllable Structure and Prosody	139
5.1	Framework	139
5.2	Syllable Types	139
5.3	CVC syllables and vowel Epenthesis	146
5.3.1	Epenthesis within the Syllable (1)	146
5.3.2	Epenthesis within the Syllable (2)	147
5.3.3	Epenthesis across Syllables	149
5.3.4	Sonority, Syllable Weight and Epenthesis	150
5.4	Prosodic Minimality and Glide Epenthesis	151
5.5	Syllable Strengthening	153

5.6	Summary of Strategies for achieving preferred	
	Syllable Structure	154
5.7	Prosodic Structure	155
5.7.1	Stress Assignment in Salar	155
5.7.2	Morpheme-based Stress Assignment	155
5.7.2.1	Stress-attracting Morphemes	155
5.7.2.2	Unstressed Morphemes	156
5.7.3	Syllable-based Stress Assignment	157
5.7.4	Non-final Stress	157
5.7.5	Prosody-based Stress Assignment	159
5.8	Unstressed Suffixes	160
6	Major phonological Processes	163
6.1	Syllabification Processes	163
6.1.1	Glottal Prothesis	163
6.1.2	Initial [v]-Prothesis	164
6.1.3	On-glide Prothesis	164
6.1.4	Nasal Deletion; Vowel Nasalization	165
6.1.5	Liquid Deletion	166
6.1.6	Consonant Epenthesis	168
6.1.7	Co-occurrence Restrictions on Salar Codae	169
6.2	Harmonic Assimilation Processes	171
6.2.1	Vowel Harmony	171
6.3	Regular Disharmony	173
6.3.1	Vowel Derounding	174
6.3.2	Vowel Laxing	174
6.3.3	Vowel Raising	175
6.3.4	Disharmonic Foreign Loans	176
6.4	Other Consonantal Assimilation Processes	176
6.4.1	Voicing Assimilation	176
6.4.2	Place Assimilation of Dorsal Consonants	178
6.4.3	Labialization	179
6.5	Devoicing Processes	179
6.5.1	Final Obstruent Devoicing	179
6.5.2	Continuant Devoicing	181
6.5.3	r-Devoicing	183
6.6	Spirantization of Final Stops	185
6.7	Preconsonantal t-weakening	185
6.8	Dental Affrication	186
6.9	Vowel-consonant Interactions	187

6.9.1	Vowel Devoicing	187
6.9.2	Vowel Consonantalization (Spirantization)	188
6.9.3	Consonant Preaspiration	191
7	Diachronic development	201
7.1	Approach	201
7.2	Sources on premodern Salar	204
7.3	Consonant Development in Common and Orxon Turkic	204
7.4	The Oghuz Turkic Context	210
7.5	Consonant Development in Salar	211
7.5.1	Labials	212
7.5.2	Dentals	223
7.5.3	Velar and Uvular Consonants	233
7.5.4	Laryngeal /h/	251
7.5.5	Coronal Spirants	255
7.5.6	Retroflex Fricatives and Affricates	267
7.5.7	Glides	269
7.5.8	Nasals	273
7.5.9	Liquids	281
7.6	Consonant Development and the Salar Lexicon	285
7.6.1	The non-Turkic Lexicon	285
7.6.2	Comments on the Turkic Lexicon	286
7.7	Vowels	287
7.7.1	Primary Vowel Length	288
7.7.2	Secondary Vowel Length	289
7.7.3	Modern Salar /i/	291
7.7.4	Modern Salar /i/	291
7.7.5	Modern Salar /a/	292
7.7.6	Modern Salar /e/	294
7.7.7	Modern Salar /u/	295
7.7.8	Modern Salar /o/	296
7.7.9	Modern Salar /y/	297
7.7.10	Modern Salar /ø/	299
7.7.11	Summary: Vowels	301
8	Conclusions	303
	References	309
	Index	327
